Subject: APM

Mr clerk

Can this be added as an agenda item for the April 2017 APM

Ballot/Referendum on CGPC

If ten people at this meeting vote to allow the rest of Croxley Green Residents to have the opportunity to vote, hold a referendum on the abolition/retention of Croxley Green Parish Council

Last year a referendum was held on the European Union.

For democracy, should the same apply for the residents of Croxley Green who pay for the parish council via precept.

Examples to be given at meeting including my allegations of:

TRDC would take over the Green, emptying of dog/litter bins and other tasks currently undertaken by CGPC.

Who of you wouldn't obtain at least three tenders when spending over £2000 of your own money

Failure to go to tender on existing contracts, even when it has been put before council that contractors would like to tender

Paying out for vouchers and failing to inform council when asked in a part one

Failing to inform of difference in cost difference when TRDC awarded the Greens contract to CGPC

Failing to report back on events held/funded by CGPC to evaluate whether they are value for money

Failure to inform council of occupancy of the Friday Bus Service.

Recommendation

That it is put to this meeting that a referendum is held asking the residents of Croxley Green to vote to abolish/retain Croxley Green Parish Council

Cllr R J Ridley
