

Full Council Meeting – 29 September 2016

Agenda Item - CC1635/16

All Saints' Church Memorial Glass doors

Introduction

As Councillors will be aware, a provision of £5000 was made in our budget, subject to a Grant application, to assist All Saints' Church with the installation of Memorial Glass Doors. The doors are to the memory of all in Croxley Green who suffered and died as a result of the First World War and is part of the 100 year commemoration.

Discussion Narrative

All Saints' Church are now at the stage where they are exploring designs and the form the engraving will take. To assist, they are seeking the participation of a small committee which will oversee the project to completion. Although All Saints' is central to the plans the Memorial is planned as a community project. To this end the committee needs to include proper additional representation and has invited the Parish Council to join the project by providing the committee with its' own representative.

Recommendation

To provide All Saints' with a representative committee member regarding the Memorial Glass Doors project.
