

Environment & Amenity Meeting – 07 March 2017

Agenda Item EA1280/17

Croxley Green Parking Survey

Introduction

This paper reviews the response by TRDC to concerns expressed by the Parish Council about parking problems in Croxley Green and proposes a direct approach to TRDC officers to discuss the current position and plans.

Discussion

In response to residents' concerns about parking problems on the Watford Road the Parish Council set up a working party which reported to Council in 2016:

- CC1613/16 Watford Road Parking
- CC1588/16 Watford Road Parking
- CC1559/15 Watford Road Parking

It was resolved on 30 June 2016:

- That the conclusions of the Working Party be noted and that a letter is sent to Three Rivers District Council with proposed recommendations;
- That the Parish Council's Watford Road Working Party be wound up;
- That the requirement for additional provision for cycles at Croxley Station be noted and that letters are sent to Three Rivers District Council and to Transport for London accordingly.

On 6 September 2016 TRDC's Sustainable Development, Planning and Transport Committee considered the TRDC Parking Management Programme 2016/17 (item SD15/16 of minutes). Agenda paper 8 reviewed the progress of the parking management programme for the 2015/16 financial year (Appendix A) and proposed a programme for the 2016/17 financial year (Appendix B).

The programme for 2015/16 included a Croxley Green Study numbered 15-4 which was carried forward into the 2016/17 programme. It is a study to identify parking problems and solutions throughout Croxley Green, and provide an action plan for the area, rather than taking a piecemeal approach to the various issues reported. The revised brief to be agreed with Local Ward Councillors taking into account linked projects by Croxley Green Parish Council and TfL (for the MLX); the study to be carried out by a consultant.

TRDC sent letters to residents and businesses over an unspecified area within Croxley Green in early February 2017 inviting them to respond to a brief questionnaire about parking problems by 3 March 2017. (Copy attached).

Recommendations

- That the Council requests a meeting with TRDC officers and their consultant(s) to discuss the extent of the survey and TRDC's intentions for the further study of parking problems in Croxley Green.
