

## **P&D Meeting – 2 August 2017**

### **Agenda Item –PD2997/17**

#### **Change of Day for Planning & Development Committee Meetings**

##### **Introduction**

I would like to see the day for P&D meetings changed to Thursdays. The suggestion is start this from September.

##### **Discussion Narrative**

As there are already FCM and F&A meetings on Thursdays, this has become the PC meeting night. As I have other commitments, I cannot always make a Wednesday evening for meetings. I am very concerned about the future of Croxley Green, and also wish to see the implementation of the neighbourhood plan if all goes well with that. The switch to Thursdays will be in between the FCM and F&A meetings as the P&D will fall on the first and third Thursday's. If you all agree to this, I want to recommend this to full council for this change.

##### **Recommendation**

1. To change the P&D meetings to the first and third Thursdays each month.
2. To recommend to full council to change the standing order to allow this to happen.
