

Council Meeting – 29 July 2021

Agenda Item CC2234/21

Community Infrastructure Levy – Croxley Green Woodland Acquisition

Introduction

This paper invites Councillors to consider using Community Infrastructure Levy funding to complete the purchase of the woodland agreed at the council meeting held on 24 June 2021.

Discussion

The Council still has outstanding CIL funding that must be spent by the end of September. By using this funding to complete the purchase of woodland by Long Valley Wood the council can ensure that all funds have been allocated and will not be lost.

Recommendations

- That Community Infrastructure Levy funding be used to complete the purchase of an area of Long Valley Wood.

Ryan Bennett
Clerk to the Council
