Croxley Green French market

Introduction

Cllrs Mitchell and Wallington have met the organiser of a French market before Christmas. It is the same version as held in Rickmansworth. There is one date available for us to be able to use them which is 30th May.

Discussion

The organiser of a French market has met with Cllrs Mitchell and Wallington and looked at various possible sites. She has stated that she believes it can work in Croxley Green and given us a possible date of 30th May.

Please see an enclosed plan for the possible locations that should work, but we are not limiting to this if we find a better location.

The stalls that will come are;

Generators are noisy)**

Do you want to see this happen in Croxley green on the 30th
May? If so please agree to the recommendations below.

Recommendation

1. Parish Council to agree to take forward the possibility of hosting the French market on 30th May.
2. To set up a working group to organise what we have to and get the required permissions and negotiate with the organiser. Work together with the Community Club if the car park is used.
3. Use the budget of £500 to bring in a children's attraction and advertise the event.

Cllrs Mitchell and Wallington.
